

EquipassID Records Management System

EquipassID presents the worlds first read/write injectable RFID microchip to store vital regulatory and voluntary health information. Our robust RFID technology provides Owners, Veterinarians and Association official's secure accurate and immediate access to pertinent information

directly from the microchip to your smart-phone, PDA or other mobile device. EquipassID utilizes UDA and ISO compliant RFID technology creating the only complete "On the Go" records management so you will NEVER be without your records.

EquipassID provides:

- Immediate records retrieval directly from your horses microchip
- Software solution which operates on your smart-phone, PDA or other mobile device
- Secure and Authenticated State required Blood test results
- Digital as opposed to paper documents
- Peace of Mind—Your hoses records are always available

Tel: 615-484-7589

EquipassID
